THURSDAY, . . . SEPTEMBER 23, 1909

ANNOUNCEMENTS.

Announcements of candidates, to run for
first insertion to date of election day, if nomi-
nated, will be charged for as follows: For State
and judicial offices, \$5.00; county and district
offices, \$2.50. Cash in advance.

We are authorized to announce the
name of I. W. CRABTREE, of Win-
chester, as a candidate for the demo-
cratic nomination for attorney-general,
subject to the action of the democratic
party.

NOTICE.

To the Public:

The subscription price of the
News will hereafter be \$1.00 per
year, the same as charged by other
country papers. The continued
high price of materials used in pro-
ducing a newspaper, makes this
change necessary.

HILL & SON,
Publishers.
Sequatchee, Tenn., Sept. 3, 1909.

A. D. Linnell, publisher of the
Rosdale (Miss.) Democrat, hits the
keynote in his declaration that on
and after Oct. 1 the subscription
price of the paper will be advanced
from \$1 per year to \$1.50. Many
others could do the same thing with
profit to themselves and hurt nobody.
The ruling subscription price of one
dollar has been too low.—Western
Publisher.

And yet there are some who are
kicking because we want \$1.00 for
52 issues of this banner of wisdom,
yelept, The News. If this man,
who presumably knows his business
and presumably, also, is in a much
better field than this, is dissatisfied
with one dollar a year, how much
more ought we to be dissatisfied with
the measly little 50c with which we
have been struggling for several
years to make both ends meet.
Prosperity, you know, is here, and
high prices are the rule. Therefore,
why should the News make the ex-
ception against itself, and charge
such an insignificant sum for a paper
which it costs more to produce?

The non-union system of labor at
Tracy City has got the mine work
down to one day a week, so we hear.
Great system that, but then you
know the non-union fellows couldn't
stand to see the union men making
good wages, and thought by driving
them out they could get the plum.
They drove them out all right, and
now ought to feel mean about it, see-
ing the conditions they brought a-
bout.

The article by "Alethon Huperas-
pistes" in this issue is a good one,
and contains valuable points which
it would take much research for you
to find out for yourself. This "Hell"
discussion is being well handled by
the two writers who are both well-
educated and brainy men.

The business of the News in this
town is almost zero. The paper
does not seem to be very popular
with some of the business men.
Thank you, gentlemen!

When Atyponty, Dunlap, Whit-
well and Victoria are all furnishing
cities coal times will be pretty brisk
in this valley. It looks like it was
coming.

The time has come when men
must move higher wages if they take
care of themselves and those depend-
ant on them properly.

A music house advertises a selec-
tion for two banjos as a "Chinese
picnic." We would call it an "Af-
rican Festival."

Sweet potatoes are on the market
at a dollar a bushel. A few years
ago 75c was the opening price.

With a hosiery mill and a high
school in a year wouldn't this town
be booming?

Why Does It Cure

Not because it is Sarsaparilla,
but because it is a medicine of
peculiar merit, composed of more
than twenty different remedial
agents effecting phenomenal
cures of troubles of the blood,
stomach, liver and bowels.

Thus Hood's Sarsaparilla cures scrofu-
la, eczema, anemia, catarrh, nervous-
ness, that tired feeling, dyspepsia, loss
of appetite, and builds up the system.

Get it today in the usual liquid form or in
chocolate tablet form called Sarsatabs.

Persimmons will soon be ripe, says
the Gadsden, Ala., Evening Journal.
Wouldn't it be nice if they ripened
about next May so that by eating
a few that were not quite ripe, you
could draw up your stomach to suit
the price of flour and other things.

After Nov. 1 it will cost you 2c
more to register that letter or pack-
age. Thus the march of prosperity
keeps the prices rising.

Don't work for low wages; you
are a fool if you do.

Chestnuts are ripening!

WATCH US GROW.

Insect Plague.

Sequatchee has here-to-fore been
free from mosquitoes, but this year a
veritable plague is reported, some
citizens having recourse to burning
old shoes in order to rid themselves
of the onslaughts of the pests. The
flea crop is also an excellent one, and
it takes constant investigation to
keep up with the procession of fleas
that would perambulate one's bodily
superficies.

Misses Jennie Martin, Maggie
Crawford and Sallie Henson, of
Bridgeport, Ala., were visitors in the
city Tuesday, coming up with the
picnickers.

Loss of Vitality

Is loss of the principle of life, and is early in-
dicated by falling appetite and diminishing
strength and endurance. Hood's Sarsaparilla
is the greatest vitality—it acts on all the
organs and builds up the whole system.

Friends and Enemies.

Whatever the number of a man's
friends, there will be times in his
life when he has one too few; but if
he has only one enemy he is lucky
indeed if he has not one too many.—
Bulwer-Lytton.

I have lived to know that the se-
cret of happiness is never to allow
your energies to stagnate.—Adam
Clarke.

Curtisville.

Special to the News.

Well yes, we went up to old Mt.
Zion the second Sunday and heard Revs.
Kilgore, Dugan and Potter preach, and
it was all well, but Thursday night
Rev. Wm. Kilgore preached and the
Holy Ghost filled the house where we
were in so much that I am benefitted,
bless the Lord.

W. E. Kilgore was to preach at Grif-
fith's Creek Saturday and Sunday, but
his health would not permit it, though
if the Lord will, he and Dugan will
hold a two-days meeting there. The
time of it will be given in our good pa-
per, the Sequatchee News.

We would like to see a piece in the
News from Valley Head, Ga. Mrs. Oy-
ler, let us hear from you.

The old lady has a very bad cold and
is very poorly. The flu is better.

Mrs. Ella Curtis has been down on
the head of Battle Creek this week to
see her new granddaughter that weigh-
ed eleven pounds. It's papa Hugh and
Grandpa Andy now.

If the old lady gets better we want to
go up to Cedar Spring in a few days to
eat some of his mammoth sweet pota-
toes.

We would have the readers of the
News know that we are enjoying the
good old fashioned meetings in this
section.

This is Sunday night and the old la-
dy is no better. I think it is la grippe,
and am uneasy about her.

The old lady has got a Gem Organ
and it plays "Sweet By and By,"
"Home Over There," "Jesus, Lover of
My Soul," and "Tramp, Tramp," and
"Marching Through Georgia," and the
flee sits and cries, and I don't tell no
lies.

Rev. Wm. Kilgore preached here
Sunday. We had a good little meeting.
The hawks can't get a chance at our
chickens for Wm. Kilgore, though he
says this is the healthiest place he ever
saw for chickens, as he hasn't seen
any dead one. He took the axe and
went out to split some kindling off a
stump and when I found him don't you
think he had one of those mammoth po-
tatoes split up into two wheelbarrow
loads.

Yes, we had a Holy Ghost meeting at
my house Sunday night. I did not see
the Lord, but I felt his power. So did
the blind preacher. His text was the
Star of Bethlehem. Find it. Remember
thy creator in the days of thy youth.
Oh we are sharing God's law.

On he was a visitor at my house Sun-
day night. I hope he will stay with
me and everybody else. There is a
nice prospect for some more soldiers of
the Lord here. Cold Wave.

BEWARE OF OINTMENTS FOR CAT-
TARRH THAT CONTAIN MERCURY
as mercury will surely destroy the sense
of smell and completely derange the
whole system when entering it through
the mucous surfaces. Such articles
should never be used except on pre-
scriptions from reputable physicians,
as the damage they will do is tenfold to
the good you can possibly derive from
them. Hall's Catarrh Cure manufactured
by F. J. Cheney & Co., Toledo, O., con-
tains no mercury, and is taken internal-
ly, acting directly on the blood and mu-
cous surfaces of the system. In buying
Hall's Catarrh Cure be sure you get the
genuine. It is taken internally and is
made in Toledo, Ohio, by F. J. Cheney
& Co. Testimonials free.

Sold by Druggists. Price 75c a bottle.
"Take Hall's Family Pills for constipa-
tion."

Ridgedale, 17; Sequatchee School, 16.

The Public School team of this place
went to Victoria, Saturday evening,
and played a close game with the
Ridgedale team, the score being 17 to
16. Jones played a phenomenal game
at first and batted heavily. Loftly
made five scores for the Public
School out of six times up. Curtis
scored a home run. Ridgedale
took a flying start, but the Public
School team played an up-hill game,
and nearly won out. The same teams
play here Saturday, Oct. 2.

HAVE YOU A BABY?

Then watch it closely. And above all
things don't let it suffer for any length
of time with worms—that is fatal. If it's
complexion gets yellow and pasty, if it
is listless, cross or peevish, gets thin,
suffers with flatulence give it White's
Cream Vermifuge. The only cure that
never fails and has no bad effects. Sold
by Sequatchee Supply Store.

Quite a number from Bridgeport,
Ala., enjoyed an outing at the Blow-
ing Spring Tuesday. They dined
at Mrs. Plunkett's restaurant and
then adjourned to the Town Hall
for music.

A Hurry Up Call.

Quick! Mr. Druggist—Quick!—A box
of Bucklen's Arnica Salve—Here's a
quarrel—For the love of Moses, hurry!
Baby's burned himself, terribly—John-
nie cut his foot with an axe—Mamie's
scalded—Pa can't walk from piles—Billie
has boils—and my corns ache. She
get it and it soon cured all the family.
It's the greatest healer on earth. Sold
by Whitwell Drug Co.

Mrs. John Condra and Mrs. Wm.
Smith visited Mrs. Thos. Smith at
Victoria Monday afternoon.

DAIRY INSTITUTE

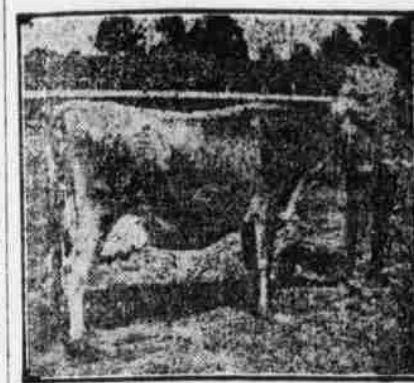

AT STATE FAIR

Place Where Farmers Can Go and
Learn All About This Important
Branch of Their Business.

One of the most valuable features of
the 1909 State Fair—to be held at Nash-
ville September 20-25—will be the prac-
tical instruction given by means of lec-
tures and demonstrations in the various
departments.

In the dairy exhibit conducted by stu-
dents and instructors from the Univer-
sity of Tennessee Agricultural College
are shown working displays which will
in many respects be equal in helpfulness a
short course at the University.

In this exhibit, which will include a
completely equipped dairy in operation,
talks will be given several times each
day on the care and management of the
dairy herd, including the selection of
stock. The visitor to the fair learns
here how to increase the milk and but-
ter production of his herd by weighing
and testing the milk, selecting the right
cows to breed from, and by the proper
housing, feeding and milking of his herd.
When an interested visitor has gotten

Queen of the Jersey Farm

an idea of the methods taught by these
talks and demonstrations he no longer
needs to work in the dark and he is able
to compound his own rations for his
dairy herd; he knows the workings of
the testing and separating machines,
and the best methods of sanitation; then
he learns how to go about getting the
best results in making butter and cheese.

Besides what he can find out about
actual dairying at this authoritative
source he can learn much at the show-
ing, where, as in all other departments,
the judges will at certain hours show
the practical points in judging a cow—
and tell how such defects as they find
can be REMEDIED.

Thus the State Fair is made to serve
the purposes not only of an exhibition
that builds through competition, but of
an institute as well.

BIG BERKSHIRES AT TENNESSEE STATE FAIR

Will Be the Mecca of Hundreds of
Breeder from the East and
Middle West.

One of the big events in the Live
Stock Department during the week of
the Tennessee State Fair—September
20-25—will be the great international
show to be held by the American Berk-
shire Congress in connection with the
association's annual meeting.

This show is THE event of the Berk-
shire breeders' show season and will
bring the finest specimens from all over
the country. It was held in Kansas City
in 1908 and a number of the champion-
ships and blue ribbons came to Tennes-
see breeders, so the congress was forced
to recognize the claims of Tennessee's
State Fair as the place for holding the
1909 show.

The special judges for this show will
be J. W. Hibbard of Bennington, Mich.;
G. G. Council of Vandalia, Ill., and F.
A. Scott, of Huntsville, Mo., and like
the judges in all other departments, they
will at certain hours make public talks
in connection with their work of scoring,
telling the why and wherefore of the
hops, good and bad points and giving
suggestions for getting the best results.
The prize money for this special show
doesn't come out of the Fair Associa-
tion's regular premium appropriation of
over \$35,000, but comes from 50 per
cent of the net proceeds of a sale of
bred Berkshire sows which will be held
on the fair grounds September 23.

In addition to this the American
Berkshire Association offers through the
State Fair Swine Department a silver
loving cup for the best herd of Berk-
shires to consist of one boar and three
sows, all under one year old and all to
be owned by a Tennessee exhibitor.

FUN AND FROLIC IN EVENINGS AT STATE FAIR

After Day of Learning How to Make
a Better Living—and More of It—
the Visitor Has an Entertaining
Treat.

Nashville.—The night entertainment
features at the Tennessee State Fair
—to be held at Nashville, September 20-
25—comprise a program that is unex-
celled for merit and brilliance.

Aside from the big collection of clean
midway attractions over on "The Road,"
the free events out in front of the grand
stand are enough to make a trip to the
fair very decidedly worth while.

Let's begin, say, at 7 o'clock, and not
include in the night show the first of
the continuous stream of amusements
which begins in the early afternoon.

First comes the Weber's Band evening
concert, and this continues all during the
brilliant horse show which begins at 8
o'clock. Also at intervals during the
evening the six big outdoor acrobatic
and vaudeville acts are given on the
raised platform across the horse show
ring. After the horse show the tens of
thousands of electric lights are turned
off and such displays of fireworks as de-
lighted the visitors to the Tennessee Cen-
tennial are given their turn at lighting
up the grounds for a while.

Worn Women

Women, worn and tired from overwork, need a
tonic. That feeling of weakness or helplessness will
not leave you of itself. You should take Wine of
Cardui, that effectual remedy for the ailments and
weaknesses of women. Thousands of women have
tried Cardui and write enthusiastically of the great
benefit it has been to them. Try it—don't experiment
—use this reliable, oft-tried medicine.

TAKE CARDUI

The Woman's Tonic

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward
wrote: "I was a sufferer from all sorts of female trouble, had
pain in my side and legs, could not sleep, had shortness of breath.
"I suffered for years, until my husband insisted on my trying
Cardui. The first bottle gave me relief and now I am almost well."
Try Cardui. "Twill help you."

FINE STOCK FARM.

I offer for sale my fine farm lying south of Whitwell, suitable for
stock raising. It comprises two tracts as follows:

1st tract—250 acres, three-fourths mile south of Whitwell depot on
pike; 100 acres in grass; good house of five large rooms; good but
not large barn, and seven or eight other buildings on property, situated on
pike.

2nd tract—155 acres, with about 20 acres improved, and fairly good
dwelling, good water, also located on pike near Forest Hill, about one
mile south of Whitwell.

Will sell both these farms for \$12,500, and make good terms there-
on. Just the chance for a stock raiser.

S. L. Pryor,

Queries regarding this property may be addressed
